

producer-consumer

```
package main
/* producer-consumer problem in Go */

import ("fmt")

var done = make(chan bool)
var msgs = make(chan int)

func produce () {
    for i := 0; i < 10; i++ {
        msgs <- i
    }
    done <- true
}

func consume () {
    for {
        msg := <-msgs
        fmt.Println(msg)
    }
}

func main () {
    go produce()
    go consume()
    <- done
}
```
